

# Waterline Disinfectant

advanced 2-in-1 solution for complete protection

CleanCert is a convenient, sustainable and highly effective waterline disinfectant, used to disinfect and maintain dental chair waterlines and equipment (such as air-water syringes and ultrasonic scalers) which can become contaminated with micro-organisms, including waterborne biofilm.

Benefits include:

- ✓ 1 bottle for continuous dose AND shock treatment
- ✓ Shock treatment in 40 minutes
- ✓ Non-irritant and non-toxic even in concentrate
- ✓ 60% more economical per dose than other brands\* (ask for details)

# CleanCert

# A fast, effective and safe water disinfectant using nature's own powerful antimicrobial.

Trusted by leading dental groups, CleanCert is safe for you, your staff and your patients - even in concentrate. Validated to international disinfection standards including ISO 16954 (waterlines) & EN 14476 (viruses) and CE marked as a medical device.

“Game-changing performance and safety for all our practices. Better value than alternative waterline disinfectants, more sustainable and simple to use.”

*Jason Bedford - Specialist Endodontist and Clinical Director*

## 2 in 1 solution

Easier: The same bottle for both continuous dose AND shock treatment protocols. No starter kits required. Typically up to 5 times better value per dose\* (ask for details)

## Safer for staff and patients

- Hypo-allergenic, non-toxic, non-cytotoxic and pH neutral
- Non-mutagenic and no reproductive toxicity
- 100% biodegradable

## Environmentally friendly

Happier working environment: Significantly less environmental impact, compared to your current cytotoxic disinfectants

## Higher performance

Over 90% time saving: 40 minute shock dose compared with 12-72hrs with single-action biofilm removers

Available in 1L and 5L bottles.

## About CHL

CleanCert Hygiene (CHL) is at the forefront of innovation to enhance infection control within the dental environment, with a particular focus on both sustainability and biofilm control. By developing new technologies exploiting the benefits of nature's most powerful disinfectant, CHL's proven range of advanced infection control solutions provide complete protection for you, your practice and your customers.
