

Oral Mouthwash / Rinse

complete protection - before, during and after treatment

OraWize+ is a comprehensive antimicrobial dental rinse containing hypochlorous (HOCl), designed for all stages of the oral treatment journey. Use BEFORE dental procedures to decrease microbial load, apply DURING treatments involving endodontic and periodontal irrigation and AFTER treatment to help provide ideal conditions for healing.

Benefits include:

- ✔ Alcohol free
- ✔ Wide spectrum oral biofilm elimination
- ✔ Non toxic / non-cytotoxic
- ✔ Non staining pH neutral (tooth safe)

OraWize+

A fast, effective and safe oral mouth rinse using nature's own powerful antimicrobial.

A powerful and non-cytotoxic oral irrigant, for use before, during & after treatment. OraWize+ is a natural disinfectant without any additives or harmful chemicals, making it a safer alternative. Tested to EN 14476 and CE marked as a medical device.

"We have incorporated OraWize+ as an integral pre and post-treatment mouth rinse for our patients. It has become an essential part of our routine, providing peace of mind for our patients, whilst aiding quick recovery"

Jason Bedford - Specialist Endodontist and Clinical Director

Effective, complete treatment

1. Pre-procedure to reduce microbial load and thereby reduce cross infection risk
2. Ideal irrigant for endodontic and periodontal procedures
3. Post-procedure to support the oral healing process, inc. dry sockets

Tooth and gum friendly

Non staining, pH neutral ready to use formula. Non-inflammatory to oral and periodontal tissue and surrounding structures

Safer for staff and patients

- Hypo-allergenic, non-toxic, non-cytotoxic and pH neutral
- Non-mutagenic and no reproductive toxicity
- 100% biodegradable

Alcohol free

Does not contain alcohol, chlorhexidine or any artificial chemicals or preservatives. Ideal for use with vulnerable and immunocompromised patients

Available in 250ml, 1L and 5L bottles.

About Tec-Safe

Tec-Safe is at the forefront of innovative infection control, with a particular focus on both sustainability and biofilm control. By developing new technologies that harness nature's most powerful disinfectant (HOCl), Tec-Safe's proven range of advanced infection control solutions provide complete protection for you, your practice and your customers.
